

New Media Arts

On completion of the Master study programme of New Media Arts students are competent:

- independent authors of art works exhibited to the public judgement in solo and joint exhibitions;
- creative managers and realizers of art projects;
- to actively represent and popularize the art of new media arts by organising exhibitions, round table conferences, discussions, and publications as well as by appearing on audiovisual media.

The outcomes of the study programme New Media Arts are:

- acquiring new knowledge, skills and methods from contemporary art practice;
- deepening and advancing the present knowledge and skills;
- defining individual artistic dispositions;
- collaboration in interdisciplinary, exploratory and artistic teams, and cooperating with cultural institutions;
- acquiring and applying theoretical knowledge and skills, and developing awareness of the multi-layered structure and distinctiveness of teaching new media arts;
- developing motivational relation to the teaching vocation.
